## What is Youth Parliament?

The Youth Parliament, known as 'Jersey Youth Connect' is a new project being set up with the support of the Jersey Youth Service and funded by the Government of Jersey. Its aim is to give young people in Jersey a voice and will act as a link between young people and the States Assembly. The parliament will be formed by a variety of young people, from across the island, who will campaign for and raise propositions about matters that affect children and young people.

## Competition Details
